I spoke with my grandma to get a sense of the ideal Juneteenth menu. My grandmother drew on her memories as a child and June outdoor meals that her church and community group have every year. She stated the menu should consist of easily prepared foods that can sit outside for an extended period without going bad such as salads and pickled side dishes.

Juneteenth is the oldest known celebration commemorating the ending of slavery in the United States. Dating back to 1865, it was on June 19th that the Union Soldiers, led by Major General Gordon Granger, landed at Galveston Texas with news that the war had ended and that the enslaved were now free.
