## THE MIDNIGHT HOUR

It is the simultaneous ending and beginning of a day. As graduating Seniors, we also have a Midnight Hour. A time when we find ourselves reaching the final page of Chapter 12 in our academic novels, only to find the story continues on the next page. We are faced with the challenge of successfully completing our novels as the new day makes itself known and grows into a bright future.

# DEDICATION

Mr. Arthur Morrison

"Nothing bigger can come to a human being than to love a great cause more than life itself and to have the privilege throughout life of working for that cause."

All of us know that the above quotation best describes Mr. Arthur Morrison, Senior Class Advisor and Mathematics Teacher. He is the one who has dedicated his life, not only to his chosen field, but also to the good of our school, its students, and our community.

Mr. Morrison attended Hempstead High School in the late 1960's and graduated as an honor student in the Class of 1970. He furthered his education by attending Pennsylvania State University and Hofstra University. Mr. Morrison started teaching at Hempstead High School as a volunteer substitute teacher, while working for the Hempstead Recreation Department. Arthur Morrison is certainly noted for his many humanist deeds, such as: holding tutoring sessions at the local parks, buying textbooks for some students, serving as Master of Ceremony at the annual talent show, and serving as Senior Class Advisor this year.

Because his subtle sense of humor, patience, and understanding are deeply impressed in our memories, we, the Colonial Yearbook staff, with deep affection and everlasting gratitude, take pride in dedicating this year's COLONIAL to our beloved Arthur.

Homecoming was an event to be remembered. This year's theme was "There's No Stopping Us." It was appropriate because homecoming was victorious. The Hempstead Tigers defeated the Freeport Devils with a score of 14-0. The Hempstead High School Marching Band performed wonderfully at the halftime show. The songs were well chosen. They included: "We Are Family," "Let The Music Play," "New York, New York," and "Thriller."

This year's Kings and Queens were:

Freshmen — Bruce Seymour and Peggy Stith

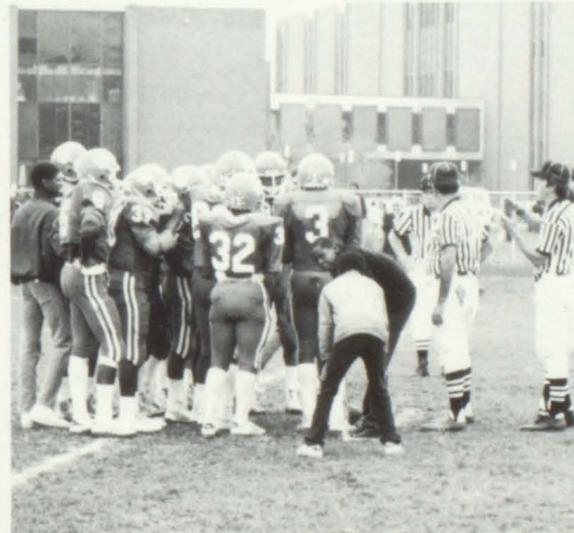

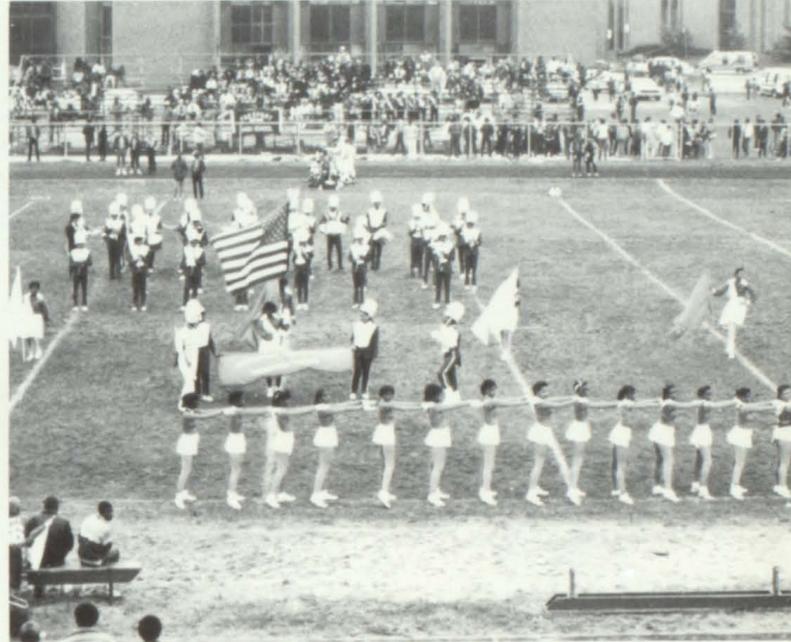

Sophomores — George Grier and Selena Fields

Juniors — Colby Wilkins and Adrienne Williams

Seniors — Kelvin Lee and Melitta Grier

Our "Black Butterfly" (Homecoming Queen): Theresa Miley. Miss Miley was escorted by Martin Cunningham.

# A MESSAGE TO THE GRADUATING CLASS OF 1985

Like the spreading of an intricate and delicate fan, upon leaving the Hempstead School District, each of you will take different and varying paths toward life goals and plans.

The school years you have spent and are spending in Hempstead constitute a significant preparation phase in this all important odyssey.

The central focus of the Hempstead Board of Education has been and is on you, the learner. Your educational development is the primary concern of the Board's policies and regulations.

Hopefully, our efforts, coupled with the teacher, administrator, support staffs, and *your parents*, have been successful in providing you with the necessary academic skills and thinking processes so that you may make intelligent choices with your lives, and ultimately live a life that satisfies your wants and fulfills your dreams.

Sincerely,

Mrs. Joyce Brown, President  
Hempstead Board of Education

## In Memory of José R. Espina

On behalf of the family of my late husband Prof. José R. Espina, I wish to convey our sincere thanks and deep appreciation to the Hempstead School Board as well as to the entire Hempstead Community for their continued support before and during his term of office as an elected member of the Board of Education. May his unequivocal commitment to a strong educational leadership and professionalism be perpetuated in the interest of excellence in education. It had been his dream to restore Hempstead to its old pristine glory of being the *Number One* District in the country.

# SUPERINTENDENT<sup>®</sup>

## A REMINDER FROM THE SUPERINTENDENT

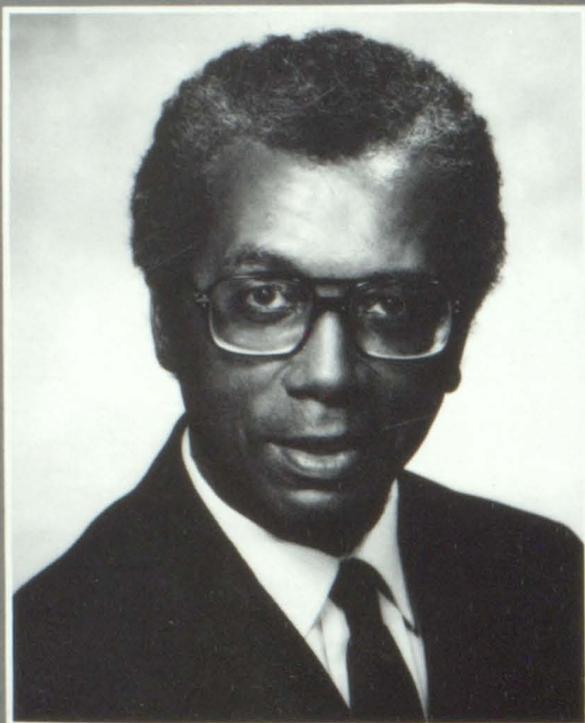

Especially to the graduating seniors of Hempstead High School in 1985, and to all Hempstead Students, my CONGRATULATIONS on your accomplishments, for completing a successful school year and, of course for the seniors, this singular and unforgettable occasion of leaving high school.

Congratulations and Best Wishes but a reminder, if you will. Finishing high school is but one, albeit a critically important, phase of your education and your life. You see the word "commencement" really means "beginning" not "ending." With this ceremonious occasion your planning for your future as an adult and contributor to society, shifts into high gear.

Planning and counseling become all important, not just from those of us in the schools, but from your parents and the wise judgment of the single-most important person in the entire process — yourself.

Just *think* about it and remind yourself that, if you are honest and true to your conscience, no one knows you better than you do . . . you know your abilities, your personality, your strengths and weaknesses, your likes and dislikes.

So, listen to yourself, your inner-self, and after you have read, studied, reviewed; talked with your counselors, teachers, administrators, coaches, friends, and parents; consider all of this input which forms the basis for your "common sense";

Dr. John W. Dobbs,

and then you decide on the future course your life should take.

The decision that is so central to your future existence has to do with existence itself — making a living. Everyone must make a living in some fashion . . . the critical decision you must arrive at is *how*.

Once you determine what you want to become, the kind of work or career you wish to pursue, then you must plan carefully to accomplish this goal. The planning includes college, technical school, community college, employment and training, and military service.

Your decision will chart your life course for many years to come. *But it is your decision to make because your future belongs to you.*

Best of Life to you and may your decisions result in career and life endeavors that bring happiness, self-esteem and constructive contributions to society.

John W. Dobbs  
Superintendent of Schools

## Principal's Message

Each year, the month of June is a time of mixed blessings and conflicting emotions. We look forward to the close of another school year, to summer and vacation. At the same time, we experience a sense of loss when senior classes move on, and students we have come to cherish leave our school family.

The class of 1985 emerges into a world of high-tech, nuclear tension, intense competition for jobs, and other world problems of mammoth proportions. We trust that our students will continue their education, and that they may be ready to address these challenges. We hope that their years at the High School have helped them on their way.

We wish them all the best, and will follow their progress with interest and pride.

# RETIREEES

Yvonne Reid-Cooper

After over twenty years of dedicated service in the field of education, Mrs. Yvonne Cooper is bidding a fond farewell to Hempstead High School.

Mrs. Cooper was born in Washington, D.C., and attended George Washington High School in New York City. She attended Howard University as an undergraduate and received a B.S. Her graduate work was completed at Adelphi University, where she received a Masters in Counselor Education; and C. W. Post College, where she received a Professional Diploma in Administration.

The Hempstead Public Schools are no stranger to Mrs. Cooper. During the past fourteen years, Mrs. Cooper has taught in: Washington School (1971-1974), Prospect School (1974-1979), Middle School (1977-1980), Hempstead High School (1980-Present), where she has served as Chairman of the Guidance and Special Education Department. In addition to this, Mrs. Cooper has served as an Adjunct Assistant Professor at the Post Campus of Long Island University.

On behalf of the Colonial staff and student body, we would like to thank Mrs. Cooper for many years of dedicated service and wish her much success in the future.

Randolph Walker

This year, Hempstead High is saying good-bye to another dedicated educator, Mr. Randy Walker. Mr. Walker has been a resident of Hempstead since 1958. He received a Masters Degree from Hofstra University. Since 1971, Mr. Walker has taught Industrial Arts and Mechanical Drawing at Hempstead.

On behalf of the Colonial staff and student body, we would like to say thank you to Mr. Randy Walker for your years of service.

May Pilkington

Mrs. May Pilkington, one of our dedicated guidance counselors, is retiring after twenty-five years in the field of education.

After receiving a B.S. from Hartwick College, Mrs. Pilkington attended Queens College and graduated with a M.S. degree. She began her career in education by teaching Business Education in Pine Plains and Haverstraw, New York. Upon becoming a member of the Hempstead High faculty, Mrs. Pilkington served as the Dean of Girls (1959-1961). This year marks twenty years of patience, hard work, and diligence in the Guidance Department.

On behalf of the Colonial staff and student body, we would like to thank Mrs. Pilkington for twenty years of service and to wish her the best for the future.

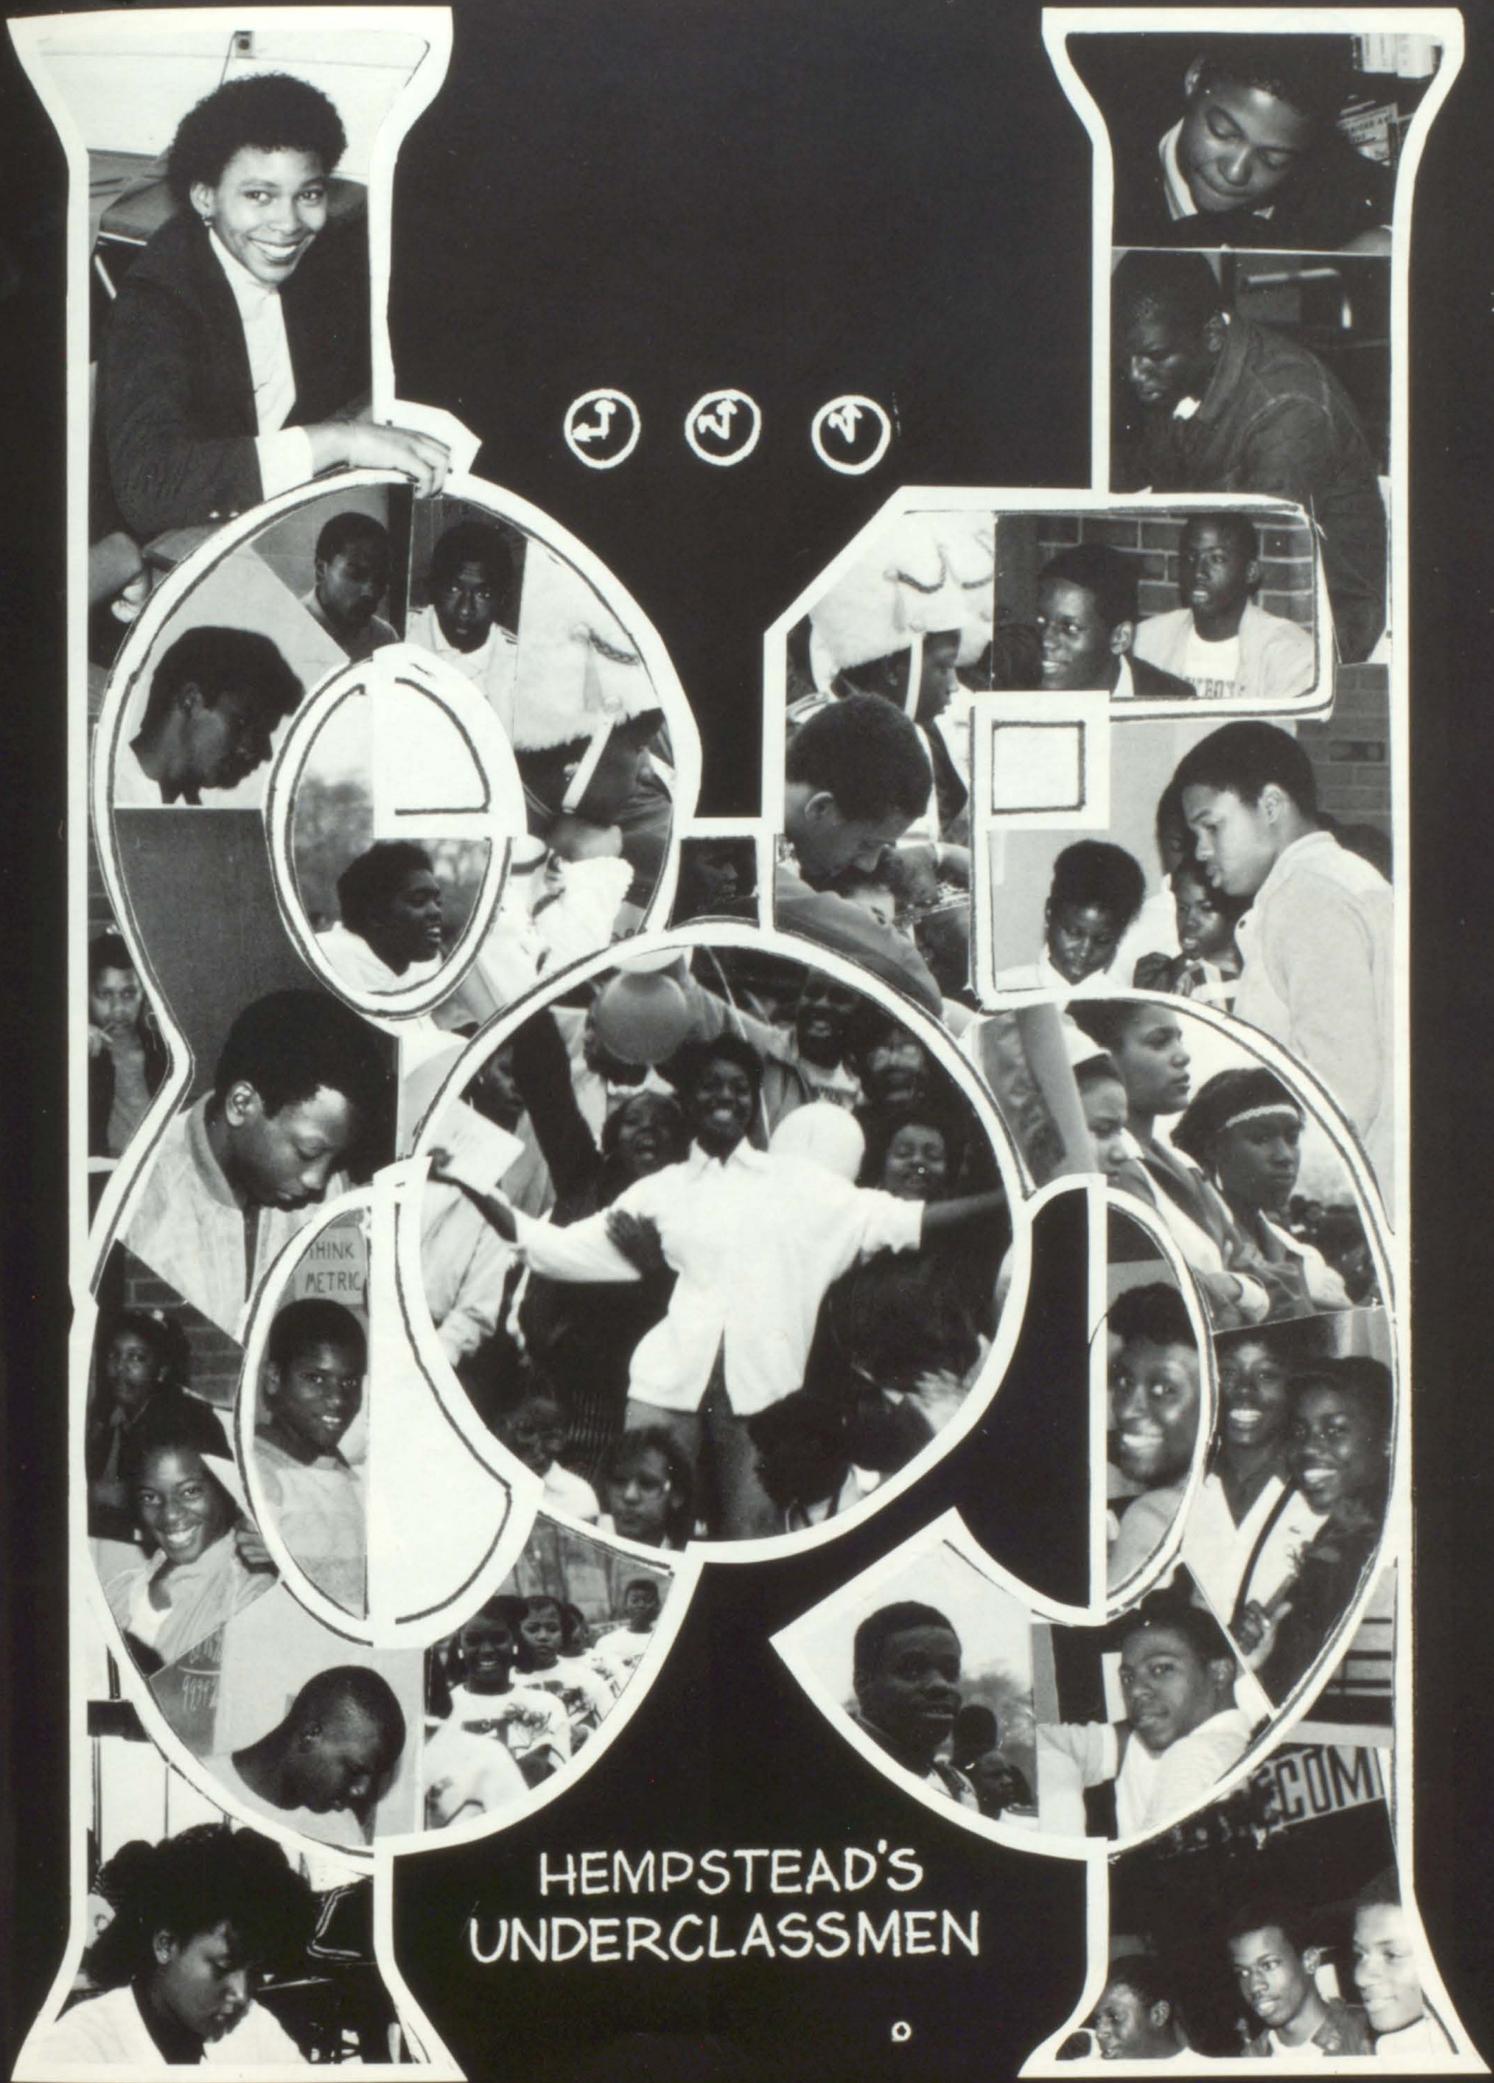

Also, the Colonial staff and student body would like to say thank you for your years of service to: Robert Foster-music, Jack Brennan-Phy. Ed, Alice Jargo — Secty., Corrine James — Secty., Joan Gerhardt — Secty., and Nell Hudson — Home Ec.

## ONLY A TEACHER?

**I** AM A teacher! What I do and say are being absorbed by young minds who will echo these images across the ages. My lessons will be immortal, affecting people yet unborn, people I will never see or know. The future of the world is in my classroom today, a future with the potential for good or bad. The pliable minds of tomorrow's leaders will be molded either artistically or grotesquely by what I do.

**S** EVERAL future presidents are learning from me today; so are the great writers of the next decades, and so are all the so-called *ordinary* people who will make the decisions in a democracy. I must never forget these same young people could be the thieves and murderers of the future.

**O** NLY A teacher? Thank God I have a calling to the greatest profession of all! I must be vigilant every day lest I lose one fragile opportunity to improve tomorrow.

## SOPHOMORE OFFICERS

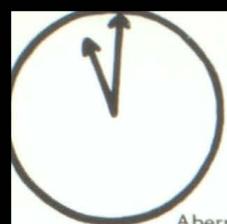

Wilson, Moneerah

The Sophomore class got the 1984-'85 school year off to a successful start by electing Danielle Fann as President, Francine Lyons as Vice President, Regina Bates as Secretary, and Tammy Sexton as Treasurer.

The first activity of the year was Homecoming with Selena Fields reigning as Queen and George Grier as King. Interestingly, George was unable to ride in the limousine with Selena because he was also a member of the football team.

A trip to Great Adventure was planned for June, but unfortunately it was not approved due to the fire that occurred there last year.

(Part of Class of '85 Song)

We are the world, we are the future;  
We are the ones who make a brighter day, so let's not give in.  
There's a path we're taking, we're making our own lives;  
It's true we'll make an easier way,  
For Hempstead High.

# CRY — ETHIOPIA — CRY

by Muriel Chapman

Many of us have seen on television the shocking ravages of starvation suffered by the people in Ethiopia. Millions of people are likely to die due to the lack of something to eat. We are not just speaking here of hunger, which is a temporary discomfort, but the prolonged agony of doing without food and the knowledge of wondering if food will ever be attainable. The long range cause of such a catastrophe is the prolonged drought which is taking place in much of the African continent. The drought is now in its third year and there is a likelihood of additional years of lack of rainfall. The immediate cause is that those who have food will not share it with those who have nothing.

The odd theories of population control say that wars and natural disasters are ways of controlling the population and with increasing population growth, we are likely to run out of enough food for all people. Such theories are poor excuses for allowing a nation of people to suffer such a horrible death.

Without doing any research many of us know that we have greatly expanded our supply of the world's food. We can grow all kinds of fruits and vegetables larger and use less acreage. We have improved fish hatcheries, poultry and animal farming. December 2nd's New York Times stated that the world's grain supply has increased twenty percent since the 1970's. Many nations such as China have started to store grain surpluses. The U.S.S.R. is the only country that has not caught up with its demand for grain. Then, why is Ethiopia starving? Would any other country be allowed to starve like this?

In addition to the debilitating effects of starvation, there is disease, physical and mental crippling of the body and mind. The inconceivable agony of watching the members of one's family die can scarcely reach the imagination.

During the month of November there was a drive at Hempstead High School to collect funds to help toward the relief of starvation in Ethiopia. The National Honor Society under Mrs. Gwen Carroll's direction went to the various homerooms to help with the collections. The sum of five hundred and fifty dollars (\$550) was collected and a check was sent through the Catholic Relief Services, Ethiopia Fund. This organization advertised that it would send 100% of all funds collected to the cause. We should all be proud that we played a part in this humanitarian gesture.

The drought continues, the casualties mount — should we have another opportunity, let us all respond to the cry of Ethiopia.

# HOWARD UNIVERSITY

L-R: T. Benston, K. Fowler, C. Sheffield; Advisor, H. Bae, W. Reuben.

## *1984 Howard University Summer Actuarial Program*

For the third consecutive year Hempstead High School has participated in the Howard University Summer Actuarial Program. This past summer, Timothy Benston, Karen Fowler, Winsome Reuben, and Hyuk (Joe) Bae represented Hempstead High. Mr. Charles Sheffield, chairman of the math department, sponsored these students.

The purpose of this program is to introduce prospective students to the actuarial profession, actuarial mathematics, computers, and the college scene.

An actuary is a business executive who uses his mathematical skills to analyze, solve, and define business and social problems. He also designs, plans and evaluates the financial risk a company takes when it sells an insurance policy. Hence, he must comprehend the entire operation of the insurance and pension fields because his evaluations often influence company policies and practices.

To be accepted in such a program is an honor. A student has the advantage of meeting other students from all over the United States. Also, there is no cost to attend. Trips, dorms, and food are free; the only payment that must come from the student is his/her own transportation.

# REFIT RALLY

On March 12, 1985, a group of concerned Hempstead residents took action to receive a greater portion of state financial aid for our school district.

Mr. R. Hickey, Mr. John Dobbs, members of the school board, several senior citizens, and a busload of Hempstead middle and high school students represented Hempstead at a rally at the State Legislature Senate Building in Albany.

Hempstead is a member of REFIT, Reform Educational Finance Inequities Today. This consortium of low wealth, high tax school districts is unified in an effort to gain an equal amount of state for low wealth district.

Several legislators gave their proposals and listened to grievances. Every legislator in attendance, including Senator James Donovan, Assemblyman John Cochran, Assemblyman Jerry Kremer, and Assemblywoman Barbara Patton recognized the need to properly distribute funds to schools, such as ours.

Education has finally become top priority in Albany. It is hoped that our elected officials are finally reminded of their responsibility towards America's future . . . America's public schools.

# THE ELECTION DEBATE

## Future Politicians Speak Out

by Jeanette Gibson

With all the talk in the Little Theater on Oct. 30, you might have thought that the presidential candidates were visiting HHS. Actually, the American Studies classes headed by Mr. R. Hickey, were presenting the political platforms of Reagan-Bush and Mondale-Ferraro to other social studies classes. This forum, sponsored by *Newsday in Education*, prepared student for a mock presidential election held on Oct. 31.

Each candidate was represented by a debate team consisting of the following students:

We, as Black people, are constantly complaining about our lack of progress. We blame the other minorities because they have achieved more in ten years than we have in a hundred years. There are numerous reasons why we don't progress, but here is the major one:  
"If you're light, you're alright; If you're brown, stick around; If you're black, stand back." This saying may seem cute and inconsequential, yet, it has served as an instrument of dissension.  
"Over the last few years, there have been great public debates over law and order, busing to achieve racial balance, welfare cost: 142 quotas for minorities. In every instance, the debate wound up with black Americans cast as the villains. And this

The purpose of the yearbook club is to develop journalistic skills in all its participants. Students are exposed to publishing and photographic companies who explicitly detail the varied machineries and techniques of their trade. At the end of the school year, their designs, their layouts, their photographs, and their copy are bound together to form a yearbook that they can call their own. Hard work!! — but very rewarding.

## What Is FBLA-PBL?

The Future Business Leaders of America — Phi Beta Lambda, Inc. is a national association of intermediate high school, vocational, junior college, college and university students interested in business or business education careers.

Intermediate and secondary business students are members of the Future Business Leaders of America (FBLA) division. Post-secondary and college level business students are members of the Phi Beta Lambda (PBL) division. Former FBLA-PBL members comprise the alumni division.

Future Business Leaders of America can function as an integral part of the instructional program of the business and office curriculum in secondary schools. The purpose of the organization is to "... provide, as an integral part of instructional program, additional opportunities for secondary students (grades 7-12) in business and office education and develop vocational and career supportive competencies and to promote civic and personal responsibilities. FBLA has tremendous potential for broadening job competencies. If we truly believe the principle that learning is most effective through actual experience, if we believe that experience may be "worth a thousand words," we can make better use of these learning methods for developing "the other half of job competency."

Because of the tremendous benefits which FBLA provides students, the Department endorses FBLA as a co-curricular and an integral part of business education program.

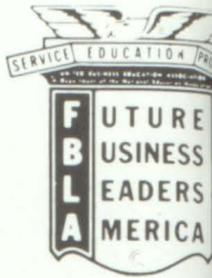

Hempstead High School has recognized the tremendous opportunities FBLA offers its members and has taken the necessary steps to become a member in this highly recognized club, which has over 200,000 members in more than 10,000 chapters throughout the United States, Puerto Rico, the Virgin Islands and Europe. Our club operates under a charter granted by the National Organization and is constituted Chapter No. 10096 as of November 26, 1984. Our club at the High School now boasts 40 dues-paying members and is now accepting requests for membership.

Membership eligibility is as follows:

- 1) At the seventh and eighth grade level, any student who is taking technology, home and career skills or a course offered by the business education department, is eligible to join the State Association.
- 2) At the ninth and tenth grade level, any student who is taking Introduction or Occupations or a course offered by the business education department is eligible to join the State Senate.
- 3) At the eleventh and twelfth grade level, any student who is taking or has taken a course offered by the business education department is eligible to join the State Association.

Rutger's Cup

Winner

**First row:** T. Payne, R. Jenkins, S. Henderson, T. Pratt, A. Hudson, D. Singleton, M. Chambers, E. Bridges, T. Gittens, D. Goens. **Second row:** R. Voight Asst. Coach, D. Jesse, W. Stith, D. Hammett, D. Wesley, M. Murphy, Coach Krumenacher, R. Moore, M. Johnson, A. Vincent, M. Henderson, R. Etheridge, B. Stock, Asst. Coach, D. L. Ryan Asst. Coach. **Third row:** J. Danowski, R. Smith, D. Cox, W. Owens, B. Myers, M. Santos, R. Rudd, A. Anderson, G. Alford, A. Washington, K. Sullivan, G. Peoples, D. Bennett. **Not shown:** Gary Morris.

The Tigers completed their most successful seasons of recent years. They posted an 8-1-1 record, the conference one championship and received Nassau Counties most coveted award, the Rutgers Cup.

The Tiger offense was led by the "Almighty Five" who consisted of Rocky Rudd, Arric Hudson, Dennis Bennett, Matt Murphy and Montez Johnson. Hempstead's two outstanding ends, George Alford and Rob Moore were the targets of sophomore sensation Warren Stith's passes. The running chores were admirably handled by Darryl Singleton, Tim Pratt, Darrin Jessie and Andre Anderson.

Once again defense keyed the Tigers. The "Down" group of George Alford, Rocky Rudd, Terry Gittens, Rod Jenkins, Dorian Wesley, Andre Anderson and Desmond Cox shut down the run. The pass coverage group of Gary Morris, Darrell Goens and safety Henderson and Tim Pratt were called "the best pair we have ever had at that position," according to Coach Krumenacher.

Leadership always plays a key role in high school football. The Tigers were led by captain Darryl Singleton and co-captains Stacey Henderson, Timmy Pratt and Arric Hudson.

Many post season awards were bestowed upon this outstanding group of athletes. Arric Hudson — all Long Island, all state; Darryl Singleton — all Nassau County; Andre Anderson all conference, all Long Island; Romombo Rudd — all conference and George Alford — all conference.

## HEMPSTEAD HIGH SCHOOL WINS RUTGERS CUP

Hempstead High School was voted by area coaches as the recipient of the 1984 Rutgers Cup, symbolic of the best team in Nassau County. Hempstead finished their season with an 8-1-1 record, including play-off victories over Farmingdale, 14-0, and Baldwin, 22-0, to annex the Conference I title.

Hempstead has won the Rutgers Cup a record seven times: 1939, 1941, 1946, 1947, 1951, 1962, and now 1984! The 1984 award was presented by the Rutgers Club of Long Island, which originated this honor in 1937, at the Nassau County Football Coaches Association's nineteenth annual gridiron banquet on December 5, 1984, at the Crest Hollow Country Club in Woodbury, New York.

Congratulations to Coach Bud Krumenacker, his staff; Rick Voight, Barry Stock, and John Damowski for their outstanding season!

## WARREN STITH

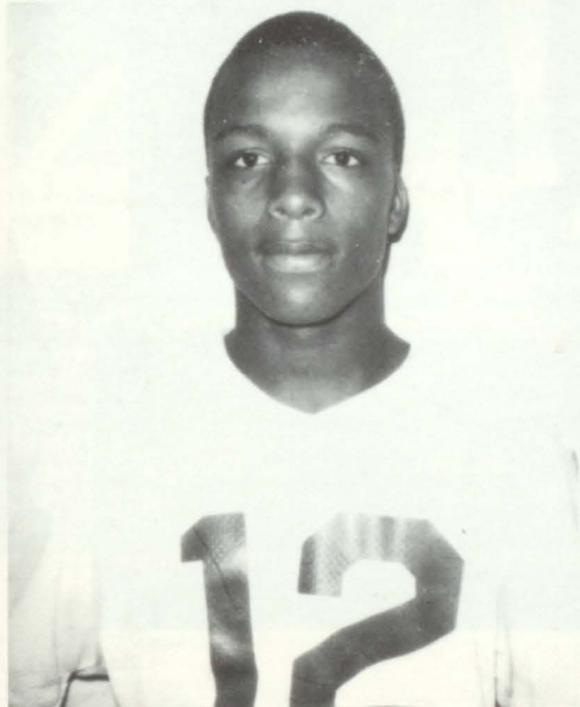

Warren Stith is the first sophomore at Hempstead High to earn a varsity letter in football, basketball, and lacrosse in 25 years!

Warren quarterbacked the championship football team to an 8-1-1 record and the Rutger's Cup. He gained 1,071 yards on offense. Stith was the Most Valuable Player in play-off wins over Farmingdale (14-0) and Baldwin (22-0).

Warren played in all 26 games for the championship basketball team, which won the Hofstra Cup as the Best Team on Long Island. Coach Teddy Adams called Warren "an extension of the coach on the court, a honor roll student with a lot of savvy and heart."

Warren was the Most Valuable Player for the lacrosse team in the 8th Annual Mayor's Tournament. Hempstead won the two-game tourney behind Stith's 2 goals and record 10 assists. (He was honored by the Daily News as the Player-of-the-Week for that performance.) Stith is the team's top assist man and one of the leading scorers.

Charles Mills, principal at Hempstead High School, sums it up: "Warren is a gentleman, scholar and athlete."

## VARSITY GIRLS' BASKETBALL

Tom Chisholm - Coach

M. Walker, T. Johnson, C. Taylor, C. Dessuare — Capt., L. Grant — Capt., V. Blunt, S. Gittens — Capt.

The 1984-85 season had many bright moments for the Tigerettes. The team led by Lisa Grant and Cheryl Dessuare finished second to Southside in the conference. The Tigerettes shared first place with Southside for several weeks before faltering in a loss to West Hempstead 43-42.

There were many young additions to the team this year. Valerie Blount, Cynthia Taylor and Tonya Johnson (an eighth grader) started several games and played extremely well. Sally Gittens and Mary Walker, two strong inside players had an outstanding season too. Coach Chisholm is anxiously awaiting next year's season. The Tigerettes schedule will include a tournament in the Orlando, Florida area pending board approval.

# J. VARSITY GIRLS' BASKETBALL

T. Johnson, K. Urquhart — Capt., N. James, L. Blanks, J. James — Capt., A. Jackson, M. Hamlett, L. Goldsmith, Coach: Mr. Sullivan

The J.V. team had an outstanding season, winning 15 contests and losing only two games. The J.V. Tigerettes were led by team captain Kelly Urquhart. Jackie Jones, Michelle Hamlett and Nicole James added the depth necessary for coach Walter Sullivan's success. Andrea Jackson, (a transfer student from Alabama) Lyndell Blanks (a transfer student from Syracuse) and Tammy Johnson up from the middle school provided much help. Linda Goldsmith was "Miss Clutch" this year. She scored in double figures in many games.

All of these young ladies will return and move up to the varsity level next year. They will be aided by their participation in the summer league at Wheatley High School.

Lacrosse has been the "Spring Thing" here at H.H.S. Since 1980 33 out of 37 varsity lacrosse players have gone on to college. These recent graduates include Art Barrett (Farmingdale), Brian Duncan (Adelphi), Aaron Jones (Cornell), Danny Williams (West Point), Jon Williams (Adelphi), Arrion Cross (Hobart), Darrell Jones (Rutgers), Mark Holly (RIT), William Humphrey (Hobart), Brandon James (Farmingdale), James Scott (Maryland), Norm Deena (West Point Prep.).

The varsity has had two excellent seasons in succession 17-2 in 1983 and 15-5 in 1984. The outlook for 1985 is most optimistic as Hughes, Payne and Boyd return on attack. The midfield is very solid as Anderson, Person, Watford, Goens and Cousins lead the way. The defense is improving behind Pratt, Chambers, Humphrey and Murphy.

The J.V. has also been a consistent winner. Last year's group (1984) sported a 16-1 record. Coach John Romano hopes for continued success as many solid athletes move up from last year's 9-1 Freshman squad.

## EDITOR-IN-CHIEF'S MESSAGE

Vanessa Thorne

There comes a time in everyone's life when an old aspect is ended and a new stage is begun. We have come to the final hour of our adolescent years only to start the clock over again.

Though some of us may be going on to college and others of us into the work force, we will always have something in common — our experiences at Hempstead High School. Our experiences at Hempstead High School will shape the way we approach life. We will always have memories of our 4 years here. We are now leaving those we grew up with, laughed with, cried with and fought with in order to go and find who we can be and what we can achieve. The most important thing to remember is that other people are important. As we seek success, we would not want to cause others pain.

As we are approaching the final hour of our high school career, let us all look forward to what is ahead.

## ADVISOR'S MESSAGE

Ms. J. Johnson

Of course, the efforts put forth by students strongly influences the quality of a finished yearbook. The Colonial staff of 1985, with the superb editor-in-chief, Vanessa Thorne, has been a crew of strong commitment. Showing diligence and enthusiasm can overcome any challenging task, the frustrations encountered in producing a yearbook "yearbookmania" were minimized.

Our professional staff is to be commended for cooperating in every way and contributing their many varied talents.

My assistants, Mrs. Allen, Mrs. Zanders, Ms. Gallagher and I only wish that Colonial 85 will be a memorable capsule of the times we've spent together.

Ms. J. Johnson

## ASSISTANT EDITOR'S MESSAGE

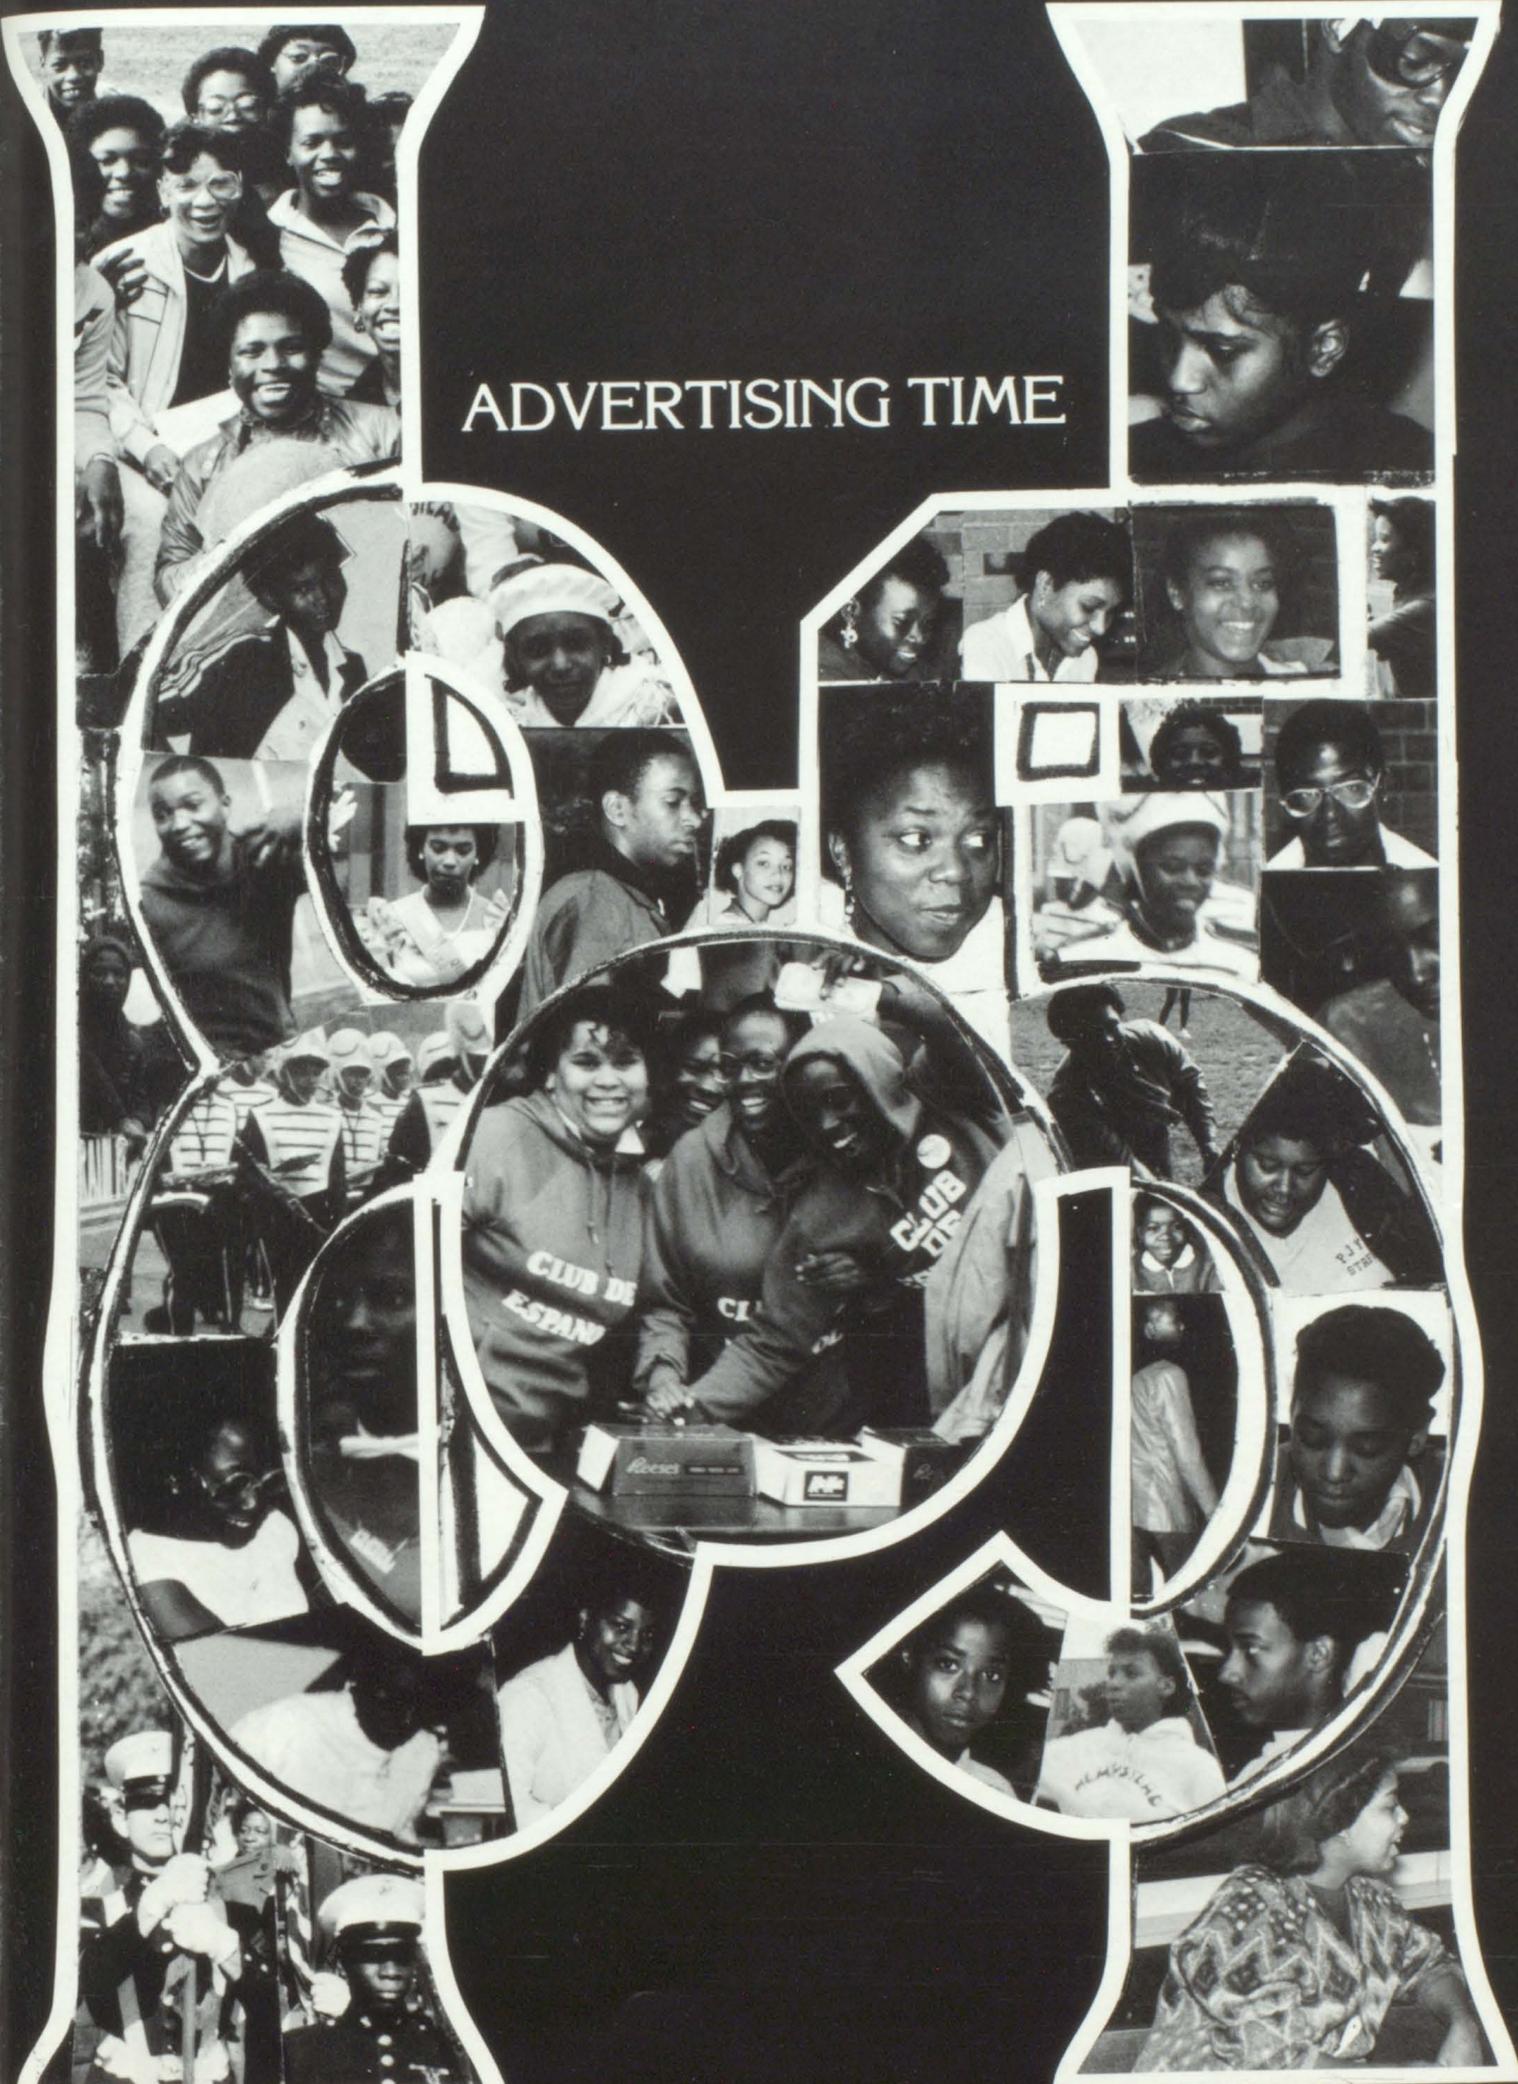

Fellow Graduates:

The time has finally arrived to throw our caps in the air and say, "We made it!" It does seem like an eternity has passed since we walked through the door as freshmen and stared in awe at the Commons. In fact, the eternity has only been four years and now that we are graduating seniors, we no longer look at the Commons in awe, but with fond memories. Memories that should not be taken for granted.

As we go into the world to pursue our various goals, we should keep one thought in mind, Hempstead High is where it all began. We have gained more than just knowledge here. We have gained friends, experience in human relations, and most importantly we have gained self-confidence. A confidence which will lead to success. Success is the key word for the Class of 1985, a class destined for greatness. Congratulations to the Class of 1985 and thanks for the memories.

**An immigrant father gave this advice to his son as the youth was boarding a ship to sail forth in the world to seek his fortune.**

**“Michael, my boy, remember the three bones and you’ll get ahead all right in this world.”**

**As the young man departed, a stranger standing at the side of the father turned to him and inquired, “I overheard your remark and can’t help wondering what you meant by the three bones.”**

**The father replied: “What I was referring to was the wishbone, the jawbone and the backbone. It’s the wishbone that keeps you wanting the good things of life. It’s the jawbone that helps you find out how to get them, if you’re not too proud to ask questions; and it’s the backbone that keeps you going after them, in spite of any discouragements, until you get them.”**

## ELLEN DEVORE

Ellen, better known as Peaches, was one of Hempstead High's most popular and well liked students.

Excelling at extracurricular activities, Ellen became an accomplished softball player, and jazz and ballet dancer.

The Kennedy Park basketball team benefited from Ellen's time spent as their score and timekeeper.

Ellen will be remembered by all of us as a fine lady who had much to contribute to her family, school, and community.

"Thou will not leave us in the dust.  
Thou modest man, he knows not why;  
He thinks he has not made to die;  
And thou hast made him; Thou art just."

Tennyson

# ACKNOWLEDGEMENTS

Colonial '85 would, at this time, like to express our appreciation for the time, energy and support that various departments, teachers and students have unselfishly given. When we open Colonial '85 to review our twelfth hour, we will always remember those seconds, minutes, and hours spent at H.H.S. with those that cared. Special thanks to:
